Please use these FY2003 pricing pages to verify the charges on your invoices. If you have questions about any charges the vendor has invoiced to you, please contact the FEDLINK Fiscal Hotline at **(202) 707-4900** immediately. Send any faxes to **(202) 707-4999** or email to [fliccfo@loc.gov](mailto:fliccfo@loc.gov).

RefWorks – Online Database and Bibliography Creator (Fedlink Lot 1, Lot 4)

Price: Includes FedLink 10% Discount  
Unlimited Usage Geographic Site  
\$2,000.00 Minimum or \$.45/employee  
(Commercial List Price \$2,000.00 Minimum or \$.50/employee)

RefWorks is an online database and bibliography creator that allows you to...

- Organize and create a personal database online – no more index cards to write out and organize. Everything is done automatically as you import the reference into RefWorks.
- Format bibliographies and manuscripts in seconds – this saves hours of typing time and decreases the number of errors in creating tedious bibliographies. Easily make changes to your paper and reformat in seconds.
- Import references from a variety of databases using the already created Import Filters.
- Searching your RefWorks database is fast and easy – RefWorks automatically creates author, keyword and periodical indexes when importing so you just click on the word to perform the retrieval. Use Quick Search to search all fields for the most comprehensive results or Advanced Search to narrow your search to specific terms and fields.
- Works directly with CSA products and other electronic database services.

ANTE (Abstracts In New Technologies & Engineering) (1981-) (Fedlink Lot 1, Lot 4)

Price: Includes FedLink 10% Discount  
Unlimited Usage via the Internet Database Service – Geographic Site  
Current Year Plus Archive \$2,295.00 (Commercial List Price \$2,550.00)

ANTE: Abstracts in New Technologies and Engineering (formerly Current Technology Database), is an abstracting and indexing service monitoring approximately 350 academic and trade publications from the U.K. and the U.S. Coverage includes new technologies such as information technology and computing, electronics, biotechnology, medical technology, as well as engineering (including construction, electrical and chemical engineering) and allied subject areas. Abstracts are available from January 1993 to the present.

ASSIA (Applied Social Sciences Index & Abstracts) (1987-) (Fedlink Lot 1, Lot 4)

Price: Includes FedLink 10% Discount  
Unlimited Usage via the Internet Database Service – Geographic Site  
Current Year Plus Archive \$3,510.00 (Commercial List Price \$3,900.00)

ASSIA: Applied Social Sciences Index and Abstracts on the Web is an indexing and abstracting tool covering health, social services, economics, politics, race relations and education. Updated monthly, ASSIA provides a comprehensive source of social science and health information for the practical and academic professional.

ASSIA currently contains over 255,000 records from 650 journals in 16 different countries, including the UK and US.

BHI (British Humanities Index) (1962- ) (Fedlink Lot 1, Lot 4)

Price: Includes FedLink 10% Discount  
Unlimited Usage via the Internet Database Service -- Geographic Site  
Current Year Plus Archive \$2,700.00 (Commercial List Price \$3,000.00)

An international abstracting and indexing tool for research in the humanities, BHI indexes over 320 internationally respected humanities journals and weekly magazines, as well as quality newspapers published in the UK and the United States.

Regular monthly updates ensure subscribers can retrieve the latest material on a wide range of arts and humanities subjects, aided by a completely interactive thesaurus and the capability to link to electronic full text of many journal articles.

Physical Education Index (PEI) (1970- ) (Fedlink Lot 1, Lot 4)

Price: Includes FedLink 10% Discount  
Unlimited Usage via the Internet Database Service -- Geographic Site  
Current Year Plus Archive \$900.00 (Commercial List Price \$1,000.00)

The surge of academic, professional and personal interest in the field of physical education has resulted in a huge volume of scholarly and trade literature. Since 1970 CSA Physical Education Index has been covering this vast collection of material. Records are indexed and classified from peer-reviewed journals, report literature, conference proceedings, trade magazines, patents, articles from the popular press, and many other publications. Beginning in January 2001, enhancements to the database include the addition of abstracts, e-mail addresses, expanded publisher and author information, and other data to facilitate access to the fulltext.

CSA Physical Education Index allows all researchers and professionals in the field to acquire accurate and scholarly information in this comprehensive database. These abstracts feature a wide variety of content, ranging from physical education curricula, to sports medicine, to dance. Other coverage includes sport law, kinesiology, motor learning, recreation, standardized fitness tests, sports equipment, business and marketing, coaching and training, and sport sociology/psychology. Health education and physical therapy are also covered as they continue to become more prevalent in our society.

Mechanical & Transportation Engineering Abstracts (1966- ) (Fedlink Lot 1, Lot 4)

Price: Includes FedLink 10% Discount  
Unlimited Usage via the Internet Database Service – Geographic Site  
Current Year Plus Archive \$3,600.00 (Commercial List Price \$4,000.00)

CSA Mechanical & Transportation Engineering Abstracts provides citations, abstracts, and indexing of the serials literature in mechanical and transportation engineering and their complementary fields, including forensic engineering, management and marketing of engineering services, engineering education, theoretical mechanics and dynamics, and mathematics and computation. This database provides in depth, comprehensive coverage of the international engineering literature with the monitoring of approximately 3000 serial titles as well as numerous non-serial publications.

Many of the more recent records in the database include fields containing cited references, corresponding author's e-mail address, and publisher contact information. All records are indexed using a controlled vocabulary of about 12,500 terms and each record is also assigned a classification code that makes the record retrievable by broad subject area. Furthermore, every source journal is assigned a level of coverage indicating its relevance to the engineering disciplines and this level of coverage is included in each record abstracted from that source publication.

Civil & Structural Engineering Abstracts (1966- ) (Fedlink Lot 1, Lot 4)

Price: Includes FedLink 10% Discount  
Unlimited Usage via the Internet Database Service – Geographic Site  
Current Year Plus Archive \$3,600.00 (Commercial List Price \$4,000.00)

CSA Civil Engineering Abstracts provides citations, abstracts, and indexing of the serials literature in civil engineering and its complementary fields, including forensic engineering, management and marketing of engineering services, engineering education, theoretical mechanics and dynamics, and mathematics and computation. This database provides comprehensive international coverage with the monitoring of approximately 3000 serial titles as well as numerous non-serial publications.

Many of the more recent records in the database include fields containing cited references, corresponding author's e-mail address, and publisher contact information. All records are indexed using a controlled vocabulary of about 12,500 terms and each record is also assigned a classification code that makes the record retrievable by broad subject area. Furthermore, every source journal is assigned a level of coverage indicating its relevance to the engineering disciplines and this level of coverage is included in each record abstracted from that source publication.

Meteorological & GeoAstrophysical Abstracts (1974- ) (Fedlink Lot 1, Lot 4)

Price: Includes FedLink 10% Discount  
Unlimited Usage via the Internet Database Service - Geographic Site  
Current Year Plus Archive \$2,970.00 (Commercial List Price \$3,300.00)

Meteorological & Geoastrophysical Abstracts (MGA) contains records drawn from the World's literature on meteorology, climatology, atmospheric chemistry and physics, astrophysics, hydrology, glaciology, physical oceanography and environmental sciences. Summaries from over 600 journal titles, as well as conference proceedings, books, technical reports and other monographs, are included. Each record includes complete citation information, Universal Decimal Classification subject classifications, and subject descriptors drawn from the MGA Controlled Vocabulary. Online versions of the Controlled Vocabulary and the UDC subject classifications are available to facilitate online searching. MGA is produced by the American Meteorological Society and is published by CSA.

NCJRS Database (1972- ) (Fedlink Lot 1, Lot 4)

Price: Includes FedLink 10% Discount  
Unlimited Usage via the Internet Database Service - Geographic Site  
Current Year Plus Archive \$900.00 (Commercial List Price \$1,000.00)

The NCJRS (National Criminal Justice Reference Service) database covers all aspects of law enforcement and criminal justice including: police; courts; corrections; juvenile justice; community crime prevention; criminal justice system; fraud, waste, and abuse in government programs. Cited documents include both U.S. and international research reports, published papers, books, articles, and audio-visual presentations. Topic coverage ranges from preliminary research to detailed descriptions of successful programs.

**Aqualine (1960 – Present)** (Fedlink Lot 1, Lot 4),

**Price: Includes FedLink 10% Discount)**

**Unlimited Usage via Internet Database Service – Geographic**

**Current year Plus Archive \$4432.50 (Commercial List Price**

The Aqualine database provides comprehensive focus on trade, technical literature concerning all aspects of water resources. Major subjects of water resources and supplies management, water legislation, water quality distribution, wastewater collection, water treatment technologies, water treatment, and ecological and environmental effects of water pollution. Topics are drawn from a source list of over 400 journals as well as from proceedings, scientific reports, books and theses. Each entry includes citation, abstract, geographic index terms and subject index terms from the Aqualine Thesaurus. Previously published by the well-known and renowned in England, Aqualine is now produced in joint cooperation with WRC and Scientific Abstracts.

**ARTbibliographies Modern (1974-Present)** (Fedlink Lot 1, Lot 4),

Price: Includes FedLink 10% Discount)

Unlimited Usage via Internet Database Service – Geographic Site

Current year Plus Archive \$3,150. (Commercial List Price \$3,500)

ARTbibliographies Modern (ABM) provides full abstracts of journal articles, books, essays, exhibition catalogs, PhD dissertations, and exhibition reviews on all forms of modern and contemporary art, with approximately 12-13,000 new entries being added each year. Entries date back as far as the late 1960s.

ABM is the premier source of information on modern and contemporary arts dating from the late 19th century onwards, and including photography since its invention. It includes abstracts of English and foreign-language material on famous and lesser-known artists, movements, and trends. The coverage of ABM is wide-ranging and includes performance art and installation works, video art, computer and electronic art, body art, graffiti, artists' books, theatre arts, conservation, crafts, ceramic and glass art, ethnic arts, graphic and museum design, fashion, and calligraphy, as well as traditional media including illustration, painting, printmaking, sculpture, and drawing.

**Aerospace and High Technology Database (1986 – Present)** (Fedlink Lot 1, Lot 4),

NAME CHANGE FROM AEROSPACE DATABASE

Price: Includes FedLink 10% Discount)

Unlimited Usage via Internet Database Service – Geographic Site

Current year Plus Archive \$6,600 (Commercial List Price \$7,400)

The Aerospace Database provides bibliographic coverage of basic and applied research in aeronautics, astronautics, and space sciences. The database also covers technology development and applications in complementary and supporting fields such as chemistry, geosciences, physics, communications, and electronics. In addition to periodic literature, the database also includes coverage of reports issued by NASA, other U.S. government agencies, international institutions, universities, and private firms. CSA can provide up-to-the-minute coverage of the world's open literature in scientific/technical topics including defense-related research, especially, but not limited to, aerospace. Sources include journals and books from all over the world including the Russian Federation, China, and Iran.

**CSA Worldwide Political Science Abstracts (1975-Present)** (Fedlink Lot 1, Lot 4),

NAME AND CONTENT CHANGE FROM POLITICAL SCIENCE ABSTRACTS

Price: Includes FedLink 10% Discount)

Unlimited Usage via Internet Database Service – Geographic Site

Current year Plus Archive \$3,105 (Commercial List Price \$3,450)

CSA Worldwide Political Science Abstracts is an aggregation of the publications formally known as Political Science Abstracts (formally published by IFI Plenum) and ABC Pol Sci (formally published by ABC CLIO). The new Serial Source List will be a revamped combination of the two databases with more of an emphasis on international content. The database provides citations, abstracts, and indexing of the international serials literature in political science and its complementary fields, including international relations, law, and public administration / policy

Political Science & Government Abstracts provides references and abstracts from public affairs magazines, major newspapers, professional journals, and books devoted to politics and political analysis.

**Information Technology Case Studies** (1999 Present) (Fedlink Lot 1, Lot 4),

Price: Includes FedLink 10% Discount)

Unlimited Usage via Internet Database Service – Geographic Site

Current year Plus Archive \$4,500 (Commercial List Price \$5,000)

Information systems educators, professionals and students can learn best from the real-life experiences of others. Successes and failures from others can help the information systems community to further develop and flourish. An effective means for conveying these experiences and lessons learned is through case studies. This collection of original teaching cases from Idea Group Publishing describes information technology experiences in both U.S. and non-U.S. organizations. Each case has been carefully structured to provide background information, project description, current status of the case/project, and successes and failures.

Abstracts of the studies are fully searchable and each record links to a PDF file containing the fulltext of the case study.

**Polymer Library (Formerly known as RAPRA) (1972- Present) (Fedlink Lot 1, Lot 4),**

**NAME CHANGE**

**Price: Includes FedLink 10% Discount)**

**Unlimited Usage via Internet Database Service – Geographic Site**

**Current year Plus Archive \$4,500 (Commercial List Price \$5,000)**

Polymer Library (formerly Rapra Abstracts) is the only database in the world which is dedicated exclusively to information on rubbers, plastics, adhesives and polymeric composites. There are more than 700,000 records in the database from 1972 to the present, covering commercial, marketing, technical and academic aspects of the rubber and plastics industry.

Source material for the database is selected from more than 500 journals in a wide range of languages from 30 different countries including North America, Australia, Europe, Japan, and China. Source material is also collected from books, technical reports and trade literature. In 1994, patent information relating to rubber and plastics industries was added to the database.
